Work Experience

Business Development Consultant - MOP (Multimédia Outdoors Portugal)

Lisbon, Portugal | April 2024 - Present

- Unified SQL, Excel, and API data into a Single Source of Truth (SSOT), improving data quality and alignment.
- Automated ETL pipelines using Power Query (M) and Python, reducing manual work and refresh time.
- Delivered benchmarking and pricing insights to support bid strategy and growth opportunities.
- Built and maintained Power BI dashboards for Sales/Marketing leadership to track KPIs and drive decisions.

Key Projects & Results:

- **Cut** Power BI commercial **refresh time by 4x**.
- **Reduced** operational workload by **~30 hours/month** through automation.
- **Mapped end-to-end processes** across Sales, Operations, and Finance; documented decision flows for managers.
- Built proposal tools that increased proposal turnaround **speed by up to 50%**.

Communication & Social Media Insights Assistant - PUCRS

Career progression: Com. Intern (2017), Com. Assistant (2019),
Communication Associate (2021)

Porto Alegre, Brazil | May 2017 - October 2023

- Analyzed reach, engagement, and audience performance across institutional social channels.
- Built dashboards and KPI reporting to guide content planning and campaign decisions.
- Delivered audience insights to optimize communications for events and initiatives

Key Projects & Results:

- Consolidated multi-platform reporting into a single **SSOT dashboard**.
- Supported a **3x increase in social media budget based on results** delivered for events (2017–2020).
